

Greetings Brothers and Sisters
 our editors of Dumb hope you will be
 inspired by our first issue. The
 first thing we want to tell you is
 that D.U.M.B. stands for D.U.M.B.
 means the Dodge Union Movement
 backward.

Only by going backward together
 can we ever accomplish our goals.
 Going backward means that we will
 have to undo all the harm done to
 us by that henky UAW. The UAW has
 done nothing but get higher wages,
 bigger vacation pay, paid hospital
 insurance, pensions and a lot of
 stupid things like that.

D.U.M.B. will work for more
 useful things for its members. If
 we go our way, none of our Brothers
 or Sisters will have to worry about
 begging or any other exercise. We
 will see to it that all the Brothers
 and Sisters stay in top physical
 condition by lots and lots of picketing.

Our movement will not rest until
 our important objectives are met. Our
 list of demands are as follows:

1. That all the profit made
 from the sale of cars built at
 Hamtramck be given to the
 workers who made the cars.
2. That Hamtramck Assembly let
 people start and finish their
 day any time they want to.
3. That the workers elect all
 the management personnel.
4. That the plant protection
 jobs be eliminated. (They are
 only there to pick on our
 Brothers and Sisters).

Also, we will keep them up
 on who they are all and who
 should hate.

have more fun on the job).

6. That the speed of the line
 be changed according to the
 day of the week. (For instance
 on Monday the line would run
 very slow and Tuesday a little
 faster, etc.)

7. That payday be a holiday.

8. That music be piped into
 all Depts. in the plant.

The rest of D.U.M.B.'s Demands
 will be presented in our next
 issue.

If you Brothers and Sisters
 have any ideas please sent them to
 D.U.M.B. and we will weigh them
 carefully.

Now Brothers and Sisters these
 demands will not be granted without
 a struggle. So we want you all to
 work hard and get behind the D.U.M.B.
 movement.

Here are some of the things
 you can do to help our cause:

Talk to the newly hired worker
 about D.U.M.B. Don't let them
 listen to those Uncle Toms who
 been around for twenty or thirty
 years. Tell them the members of
 D.U.M.B. know more about everything
 and keep them away from those stupid
 honkies who have worked at the
 Hamtramck Plant and have done nothing
 but support their families and put
 their kids through college.

Tell them not to look on
 Judge things for themselves.
 Leadership of D.U.M.B. will
 them what is good and bad
 Also, we will keep them up
 on who they are all and who
 should hate.
