Subject: Identification of Protest Demonstrator at H.P.G.O. on July 12, 1968.

The following information was given to the writer by Patrolman K. Acey regarding General Baker Jr. whom he identified as one of the demonstrators at the general office building July 12, 1968. Patrolman Acey is positive of the identification because he once escorted General Baker Jr. to the plant protection office at Hamtramck Assembly for questioning by an F.B.I. agent regarding his refusal to be inducted into the military services.

At the time Patrolman Acey was assigned to Hamtramck Assembly. This incident occurred around November 15, 1965. Patrolman Acey will point out General Baker Jr. if any photographs are available.

There may be reports of the above described incident at Hamtramck Assembly which could provide additional information.
