# Support the Just Struggles of the Arab Workers and Toilers

Once again, the Mideast struggle has erupted into a vicious, military bloodbath at the expense of the Arab toiling masses.

Despite the claims and counter-claims, there is one thing we can be sure of, and that is that the root cause of this conflict is the need of the imperialists of the United States of North America (USNA) to re-divide the already divided world and dominate the world market and sources of raw materials. In order to squeeze out more super-profits, the ruling class must extend its tentacles of control over the subject peoples - both ideological influence and military control. So in 1948 the USNA imperialists along with the capitalist Zionists created a murderous, rabid watchdog over the Arabic and surrounding peoples - the state of Israel.

This reactionary movement of Zionism has pitted workers and peasants against one another, denied the Palestinian question, and blurred the class struggle in the area. Through Israel the USNA imperialists launch murderous, brutal attacks on the Arab and African proletariat and peasantry.

As honest Marxist-Leninists we must take the correct position on the struggle of the Arab people. We firmly unite with the position of the People's Republic of China that the Security Council of the United Nations "must condemn all acts of aggression by the Israeli Zionists and demand the immediate withdrawal by the Israeli Zionists from all the Arab territory they occupied". And we further unite with the government of China in praising Egypt and Syria for having "broken through the situation of no war, no peace maintained by the superpowers" - the USNA and the USSR.

The sham support given by the Soviet Union to the Arab people by not taking a firm stand is in direct collusion with the USNA state. Following in the footsteps of the counter-revolutionary, vacillatory position of the USSR is the revisionist CPUSA ("Communist Party" of the USA).

The UAW (United Against Workers) misleaders have taken a firm position of supporting the reactionary Israeli state, by purchasing \$768,000 worth of Israeli war bonds. This is concretely aiding in the oppression and subjugation of the heroic working and toiling Arab Peoples.

What is the duty of the working class of the United States of North America? We must unite and support the just struggles of the Arab working and toiling masses against our common enemy - USNA imperialism. The USNA working class must concretely support these and other liberation struggles by fulfilling our historic task of building an independent, multi-national, Marxist-Leninist Communist Party that can lead the working class in dealing the death blow to USNA imperialism. We must uphold proletarian internationalism, strengthen our unity with the proletariat and the oppressed peoples and nations of the whole world and with all countries subjected to imperialist aggression, subversion, interference, control or bullying. We must unite with all genuine Marxist-Leninist Parties and organizations the world over.

# أيد نضال العمال والكادحين العرب

مرة أخرى تغير الصراع في الشرق الأوسط وأدى الى حرب دموية على حساب الجماهير العربية الكادحة .  
بالرغم من الادعاءات المختلفة، شئ واحد هو الأكيد وهو انه السبب الاساسي لهذا الصراع هو ترك الامبرياليين الامريكى لتقسيم العالم مرة اخرى اكثر مما هو مفيد للسيطرة على السوق الدولى . الطبقة الكادحة ترى بانها من الضرورى السيطرة العسكرية والايديولوجية على الشعوب المضطربة من اجل التنازل ارباح باهظة . لذلك خلقت الامبريالية الامريكى وبعدها الرأسمالية الصهيونية الدولة الإسرائيلية في عام ١٩٤٨ لتكون القلب الحارس لمصالح الامبرياليين من خلال سيطرتهم على الشعب العزى والشعوب المجاورة .

وضعت هذا المرحه الرجعية الصراع بين العمال والفلاحين ، ونفت القضية الفلسطينية وشوهت الصراع الطبقي من المنطق . تشبه الامبريالية الامريكى صجوماً قاتل على الطبقة العاملة والفلاحين العرب والاضيقين من خلال إسرائيل .

كهرتسيو لينيونيه صادقوه ، يجب علينا ان نأخذ الموقف الصحيح بالنسبة لنضال الشعب العزى . نحن نقف بيقظة مع موقف جمهورية الصين الشعبية عندما طالبت من لجنة الأمم من الاعتراف المتكافى ان تنسحب إسرائيل من كل الاراضى العربية المحتلة وأنه تدها اعمال الوحش وهجوم الرصاص على الشعب العزى . ونقف مع موقف الصين عندما ثبت على مصر مسموماً وتمكرهم فوكر حالة اللاهيب ولا سلم التي حاولت القوى الكبرى

الاستغناء في .  
عندما رفضت روسيا موقف الفاضح بعدم التقاضى العزى مع الشعب العزى كانت على تواضع مع الولايات المتحدة . وأخذ الكذب الشيوعى من أمريكا نفس موقف الاتحاد السوفيتى المتذبذب . وأخذت قيادة اتحاد عمال السيارات (UAW) المضلل موقف طازم كحماية إسرائيل الرجعية من طريقه شراى وثالثه حرب إسرائيليه تمنح ٧٦٨,٠٠٠ دولار . وهذا الموقف هو تأييد قوى الاضطهاد العمال والكادحين العرب المناضلين .

ما هو دور الطبقة العاملة من الولايات المتحدة ؟ يجب علينا ان نفيد النضال العادل الذى تشهه الجماهير الكادحة والعاملة العرب ضد عدو واحد الامبريالية الامريكى . يجب على الطبقة العاملة من الولايات المتحدة ان تساند هذا النضال العزى وكل النضالات الأخرى من اجل التحرير من طريقه بناء الكذب الشيوعى الممارس اللينينى .

# AUTO WORKERS - SOLD OUT AGAIN

The brazen courage of the fighters in Indochina, Africa and Latin America has forced the U. S. imperialists to tighten up the screws on its own working class. Evidence of this lies in the high cost of food, the "fuel crisis", and the roll-back in welfare "benefits". These are just the latest in a series of attacks against the working class. The most recent is the auto contract agreed upon between the Chrysler Corporation and the U. A. W. union misleaders. What did the auto workers really get in this contract??

They won an "increase" in pay which lags behind the cost of living increases!!! They won a brand new medical program which includes payment for a vasectomy (probably to be performed right there on the assembly line)!!! They won the right to work for the imperialists 9 hours a day, six days a week, with every third Saturday off - if you clear it with the foreman a week ahead of time!!! "Our" union misleaders accepted this contract, even though in 1908, the revolutionary workers in this country fought for and won - for the 1st time anywhere - "8 hours work, 8 hours rest, 8 hours recreation".

The workers have also won the right not to have any rights, because their just right to strike for local issues has been taken away. This means no strikes for badly needed health and safety issues at local plants. This is just one step away from what has happened to the United Steel Workers under the treacherous leadership of the buzzard, I. W. Abel, president of the union. A contract was signed that barred the workers from striking for five years!!

How far will these attacks go?? As far as the viscious attempts to break the strikes for union recognition of the textile workers in the South, the Farah workers in the Southwest, and the migrant farm workers in California?? Or, these attacks can take the form of outright slaughter like the 13 workers recently killed in South Africa. Why did the U. A. W. misleaders stage this "sham" strike? The Free Press thinks they did it to "cool off" the workers. We agree with that.

The workers always get screwed. The workers will continue to get screwed until they have a party of their own. Lenin wrote "In its struggle for power, the proletariat has no other weapon but organization". This organization must be a political party of the workers. "The Marxist Party is a part, a detachment, of the working class. But the working class has many detachments, and hence not every detachment of the working class can be called a party of the working class. The Party differs from other detachments of the working class primarily by the fact that it is not an ordinary detachment, but the vanguard detachment, a class-conscious detachment, a Marxist detachment of the working class, armed with a knowledge of the life of society, of the laws of its development, and of the laws of the class struggle, and for this reason able to lead the working class and to direct its struggle."

The workers are into another period of struggle without a general staff that is capable of organizing all the protests into one onslaught. In order to accomplish this task, a Marxist-Leninist Communist Party is indispensable. It is from this point of view that we call on the workers and revolutionaries throughout the country to labor toward the formation of a multi-national proletarian party. Each of us - individually and organizationally - is going to have to answer to history why this task was or was not accomplished in time. History has said, "You must", let us reply, "We can".

BUILD A PARTY OF A NEW TYPE, A MULTI-NATIONAL MARXIST-LENINIST COMMUNIST PARTY!!!

CHILE HAS A MESSAGE FOR THE WORKING CLASS TO REMEMBER!!

The Rockfellers, the ITT, the U. S. 6th Fleet, and the Military Apparatus in Chile carefully laid the material base for the current slaughter of the Chilean workers and toilers. The United Popular Coalition under Allende left the working class without a real communist party guided by the science of Marxism-Leninism and the revisionist concept of a "peaceful transition to socialism" left the working class completely unarmed. What happened in Chile is another tragic example of what happens when the fascists take power through a military seizure of power from a weak "democratic" government.

This failure rests directly on the idea that the peaceful road to socialism through elections and parliament is the new line for revolutionaries to take. In the newspaper of the Communist League, the People's Tribune, (vol. 4, no. 10, International Report), we saw that this was the position pushed by the revisionist Communist Party of the United States of America: "In the Nov. 1970 report to the National Committee of the CPUSA, Gus Hall said, 'The people's electoral victory in Chile is a major defeat for U. S. imperialism. The isolator of Cuba is itself becoming isolated. With the Chilean election U. S. imperialism became entangled in its own demagogic rhetoric...'"

But if we go back in history we see that this isn't the first time that a popular United Front government has been voted into office in Chile only to be overthrown. And despite the propaganda, the capitalists of Chile and the U. S. are not fleeing or dumping their holdings but consolidating them. (The Rockfellers control 70% of Chile's copper production). We must also view the Chilean situation not in isolation but in the context of U. S. imperialism in general, and in particular in Latin America where the U. S. has been responsible for installing one military regime after another.

The U. S. imperialists have for a long time imposed upon Latin America the same Tweedle Dum - Tweedle Dee bag that they long ago imposed upon the people of this country. That bag is - If you don't like the Republicans, vote for the Democrats. In Latin America it's the same game without the facade of liberalism - if you don't support the oligarchs, who are passed off as "democrats", you get the "gorillas", the term used by Latin Americans for the military regimes now covering the continent.

When the workers rise up against these "gorilla" regimes, there is a switch and the "democrats" take over, calm down the mass movement with some weak reforms, and when the mass disorganization is completed, the "gorillas" take power again, this time wiping out all the opposition that arose in the "democratic" phase. Chile is just the latest country in Latin America to go through this process.

"Socialism never has and can't grow out of a series of democratic reforms or even the institution of state capitalism. As a matter of fact, such reforms under the domination of private property actually strengthens capitalism...The experience of England showed us that unprofitable industries that are vital to the operation of the whole capitalist system naturally became nationalized... Karl Marx made it clear that the change from the old society to the new can't take place except under the dictatorship of the proletariat." The reforms in Chile were totally insufficient because the workers and toilers were not organized for the final assault on capital. Allende in fact tried to establish socialism on the existing state structure instead of smashing and totally dismantling it. We can see the fruits of his policy of refusing to arm the workers and establish the dictatorship of the proletariat - the slaughter of workers and toilers, and the easy take over by the military in the interests of U. S. imperialism and the Chilean ruling class.

It is our duty as communists and revolutionaries to build a working party in this country that will expose the vicious nature of imperialism and tie up the economic and political struggles of workers and oppressed peoples around the world. We must also expose the secret diplomacy between the USSR and the USA in their global strategy for world domination, for their counter-revolutionary collaboration remains the greatest danger for the revolutionary forces. We must build the unity of the WORKING CLASS AND FIGHT FOR THE REVOLUTIONARY PARTY OF THE PROLETARIAT. We must not fall by the wayside resisting the onslaught of the fascist aggression of the imperialists by "revolutionary" so-called suicide.
