## Black Student Conference

At last students have decided to do something about those unheard ideas on how the public school system is in need of a great change.

Different high schools, and the Association of Black Students (ABS) an on campus organization, of Wayne State University, planned a conference. At this conference the students got together and discussed different problems in the high schools.

They agreed to make demands on the Detroit Board of Education to follow through with definite action if the demands were not met.

The course of action decided on was, that the students would not go back to school in September; thus the school would not get the necessary funds to operate for the school semester.

At the rally on Friday, May 3, different student speakers gave a general rundown on what was wrong with the school system, as well as other things relevant to the high school student.

Vincent Stuart, a graduate of Cass Tech High School, spoke at length about the draft. He pointed out that the BLACK student was confronted with the draft issue as soon as the junior high school.

Sunata, talked briefly on how BLACK history should be taught in such a way as to make the BLACK student proud of his Blackness.

Nbolan, said that something has got to be done about the ineffective student groups in the high schools.

A graduate of Chadsey High School, Phil Gardner, talked about how the Administration would have to give the BLACK student more consideration.

The guest speaker was none other than Congressman James Del Rio. Del Rio talked mainly about his political activities in regards to getting June 23rd declared as Martin Luther King Jr. Day. He also stated that he would plan a march on city hall to get the BLACK

people out and registered to vote in order to get the necessary power in order to gain the necessary power for BLACK people, to have self-determination.

Lonnie Peek, chairman of ABS, wrapped up the conference for the

day by telling how that BLACK people must fight the racist, white society which is allowed to exist in America.

On Saturday, June 1, the conference reconvened to thoroughly work out the demands of the high school student and to plan the course of action to be taken if these demands are not met. This was achieved by setting up workshops.

### THE ROLE OF THE PARENT

After much discussion it was decided that the role of the parent would be to back up the students in anything that they may do if the demands are not met.

**TAKE HEED**

**NOTICE TO ALL YOU JIVE ASS BROTHERS AND PHONEY ASS, REVOLUTIONARIES IN DETROIT**

You chumps say that you are for real, but when it comes to doing something for the revolution you cop-out.

Dancing and socializing and running your bullshitting rap is your thing. Around the city you parade in your African dress looking like clowns and asses. All you do is mark yourself for the Man.

The only people who are for real are the sisters. They have got more heart than the faggot ass brothers.

While the sisters do all the work the so called revolutionary brother talks around with a ring in his nose, and a spear in his ass.

Who are you trying to impress with your African dress? You sure ain't impressing me, and I hope like hell you ain't impressing the sisters.

Your best bet is to buy some guns with the money you spend on the darshkis and other bullshitt. So dig brother, get yourself together.

P.S. There will be a gig down at 1300 Beaubien. Everybody is welcome to come. If you don't have a girl, come anyway. Refreshments are free. There will be wine women and the Man. There will be plenty of beds for those who get tired. Everybody come who wants to have a good time..

P.S. It starts at 9:00 p.m.

**RESPECT**

To all our younger brothers and sisters who are going all out for this BLACK thing.

It appears as though one thing hasn't sunk in yet and that is the respect for another Blacks property.

We all have to tighten up and realize that we will never get this thing together if we spend all our time stealing from each other. Or shall I say 'borrowing on a permanent basis.'?

We should be able, when we are together or apart to control this urge until it can be used in a more meaningful way. Away which not only you, but me and everybody else can groove with.

Instead of stealing your neighbors couches, chairs, T.V.'s and hi-fis, why not steal whitey's guns or don't you have the nerve? I have seen incidents in the past few months have led me to believe that the only thing Blacks can do is take from each other and give nothing in return

**NATURALS**

So now that you've go your natural, what do you do now?

Do you continue to get those hideous razor lines, which actually defeat the purpose of a natural, or do you let it go the way it was meant to be?

Now isn't this going back to what we are getting away from in the first place, brainwashing?

Sure maybe you can fall back on the old excuse that it looks neater, but then ask yourself, who does it look neater to?

Aren't you going back to whitey's conception or shall I say his misconceptions?

If you are going to go natural why not do it the right way?

**THE NEED OF SOLIDARITY**

Many people, involved in the Black struggle in America fail to realize that it is very important to internationalize our struggle. Trying to fight the Man as a minority in America puts us in the position of beggars. However, if we realize that two-thirds of the earth is non-white, and proclaim our solidarity with this group, then it becomes obvious that any acts of repression by the racist capitalist state against Blacks will have serious repercussions throughout the world.

One reason for the neglect of international solidarity by some Blacks seems to be that they believe their problem to be one of only racial oppression. This is however, not the case. This government, being capitalist government, oppresses workers as well as Blacks. If by some miracle we suddenly were no longer oppressed racially we still would be exploited by the capitalist government in the U.S.A. so it becomes obvious that in order to insure a peoples self-determination the state (that is the bourgeois state) must be destroyed and a new state established and controlled by the working class put in its place.

In this respect since we are struggling against the same oppressive system solidarity between all elements of the THIRD WORLD is essential.....

This was formally done at the O.L.A.S. Conference at which Stokely Carmichael attended. And it is the purpose of this article to instill the necessity of solidarity in the minds of Black America.

## RACIST - ASS TEACHERS

To the oppressed Brothers and Sisters throughout this fucked-up school system. There have been some things going down in the schools that we of the "Black Student Voice" feel you should know, since these funky Motherfuckers won't tell you themselves.

Last week as you may know, that little dick-head from Alabama who goes by the name, George Wallace, came here to Detroit. He recieved so much support here that the other two candidates put together couldn't have defeated him here in the city. Which goes to show you how racist this system is.

At this rally thousand and thousands of honkies cheered Wallace on. In this group of honkies were three known teachers from Northwestern High School with their campaign signs, buttons and hats, cheering that little punk from Alabama.

What kind of shit is this? These teachers should be 1) sought, 2) have their heads beaten to a pulp, 3) hanged by the asshole, because these are the same racist-ass honkies who live in the suburbs with their \$35,000 houses. These are the same racist-ass honkies who have half-a-mile of grass between their house and their next door neighbors'. These are the same racist-ass honkies who can go to sleep at night without fighting the rats to see who gets to sleep in the bed. These are the same racist-ass honkies who were at Cobo Hall cheering wallace. These are the same ones who come to what is supposed to be your school every morning and teach you that irrelevant shit.

I repeat, what kind of shit is this? Brothers and Sisters, this shit has got to stop and the only way to do this is to UNITE. Don't sit up in those classrooms and take that shit. Stand up and voice your opinion for what you believe is right and relevant to Black people. If they don't listen, walk out or kick their ass. Destroy anyone who stands in your way. The racism in the schools has got to cease. We're tired of it and we hope you are too.

## LOCAL TOM OF THE WEEK

Charmaine Hall is the biggest fool of the year. Her editorial in the Northwestern Colt (school paper) was the most ridiculous I have yet to read. She says to a very large extent the problem between Black and white is a lack of understanding or the failure to communicate. This is the biggest bunch of shit she could have written; the damn problem is not the lack of understanding, the situation was created so there wouldn't be any communication.

The only thing that Black people have to understand is the relationship they have to the hunky. The relationship is: he and you are the exploited. The failure to communicate is due to the fact you haven't been talking to them in a language that they can understand. The only language they seem to communicate with people in is violence; this is the only one they understand. Violence is the only language Black people should use to communicate with the racist pigs in Raceland U.S.A.

Once you understand the relationship you have to the racist white pigs and the language you must use to communicate then you can begin to solve the problems of Black people. The revolutionary Asian brother and sister of Vietnam have an understanding. North Korea has an understanding. The Fighting Brothers of South Africa, has an understanding and the people of Cuba Mozambique and Southern Rhodesia, have an understanding. Peking has an understand and the people of Cuba have a very good understanding. It's time for the Black people of Raceland U.S.A. to have the same understanding as our brothers and sisters of Asia, Africa and Latin America have.

## Cont. from page 1

Sister "Tom" Charmaine, don't fool yourself if you think the white middle-class sees black people as lazy, shiftless, no-good people. These white racist ass hunkies know better than that, they know that if it wasn't for Black people's labor, sweat and blood that this motherfuckin' racist ass country wouldn't be what it is now. He knows very well how black people feel and react to oppression and exploitation, that's why he has police and armed forces.

"Tom" Charmaine, you did say freedom and equality, like power cannot be given or handed down as a gift. They must be taken by people unwilling to settle for anything less. I agree with you "Tom" Charmaine, the only way we are going to get those things are take them, not by a sit or pray-in. The only way we can get those things are by a shoot-in (revolution). Political power or any other kind of power grows out of the barrel of a gun. "Dig it?"

### THE SOCIABLE BROTHER

Long wooly hair and little glasses.  
And still kissing white asses.  
Attending Afro meetings and "hey brother is his greetings."  
Black Power is his only cry. I wonder why?  
He doesn't know the solution or the cause for revolution.  
He jumps and twirls trying to attract some girls.  
Tom in Afro clothing.  
The sociable brother who smiles and grins in anybody's face.  
Defeating his cause and keeping us in our place.  
Uneducated about the Black revolution.  
He rattles of information from a distorted source.  
White a loud militant voice of course.  
Dressed in his so-called militant rags.  
And he and the Toms play out the same bags.

# PEOPLES COMMITTEE AGAINST THE DETROIT GESTAPO

## FASCIST PIGS ON THE WILD

The brutal attack by the pigs in blue on three brothers Saturday night November 2, 1968 at Vet's memorial building once again underscores the need for the total disbanding of the racist honky police force.

In its place should be community security forces made up of local residents in their respective neighborhoods.

We must put a stop to the modern day racist attacks by the pigs on our brothers and sisters and we will put a stop to it when the pigs can no longer commit such savage acts with impunity.

To curb the Detroit Gestapo the following steps should be taken immediately by those with the power to institute the demands. If these peaceful steps aren't taken by Cavanaugh and company then those who abuse black people will feel the wrath of the people.

1. Immediate replacement of the present police administration starting with the police commissioner on down, by members from the black community.

2. Fire all white policemen on the force Now.

3. Form a committee of black men to work out the details of establishing community security forces.

4. All persons attending the honky police booze party at the Vet's building be placed under arrest until the guilty party is brought to justice.

5. The guilty party be tried by a people's tribunal comprised of blacks vested with the legal powers to administer justice.

## DOWN WITH TOMISM

DEATH TO ALL THOSE YOU OPPOSE  
LIBERATION AND FREEDOM!!!

The function of the r.o.t.c. in relation to the Black youth is to train and educate the Black youth in a last effort to exploit him and use him as a "hired killer" for the savage goals of racists imperialistic white america. The r.o.t.c. strips the Black youth of his Blackness and Black awareness so that he becomes sympathetic toward the white power structure and destruction of nonwhites. The r.o.t.c. offers nothing to the Black youth except participation in the brutal destruction and genocide of Black people throughout the world...

Why should you and I fight and Die for a country which un-

der the present capitalistic system offers you nothing but anguish, death, and constant oppression for those who seek FREEDOM

YOUR GOAL SHOULD NOT BE FOR THE OPPRESSOR (whitey) BUT FOR YOUR PEOPLE!!!!

REMEMBER the criminal must be KILLED if you are the criminal YOU MUST BE KILLED!!!!....

# THE SAVAGE SYSTEM

The white educational system has made little if any kind of relevant education for Black students, during slavery or the present-day neo-colonialism in Raceland u.s.a. As we look at the history of america's racist attitude toward Black people ; we find that these savage, unmerciful, brutal, white christians at that time took no pity or sympathy toward "them nigger children". Instead of practicing plain "human compassion" toward Black people savages from Europe classified (in order to justify their cruelty) all Black people as "uncivilized animals or "sub-human beings when the real animal was the white man and his brainwashing, racist, system. This so-called "free democracy" passed laws forbidding education for Black men, women, and children. This same government not only deprived us his culture and education, but also of our highly civilized culture our language, our identity, pride , and manhood.

TRULY THE SAVAGE WHITE MAN has proven his true nature when they beat, raped, chained, tortured, exploited, and oppressed our people because of our beautiful BLACKNESS. The only education a Black child knew was the sting of the white man's whip, the back of his white hand, the sole of his boot, or the "pleasure" of wat-

ching his mother and sister savagely raped by a preacher or either a "good white christian".

The same racist educational system oppressing our people THEN is the same system oppressing our people NOW.....

We see an example of this same racism in our school today we see the white pictures of the so-called "founding fathers" of american racism. We also see a variety of toms, racists, and read thier lying hypocritical history...

WE WILL AND MUST FORCE THE PRESENT--DAY white SUPREMIT'S EDUCATIONAL SYSTEM TO MAKE OUR EDUCATION MORE RELEVANT TO OUR FREEDOM (which obviously they won't) or SET UP OUR OWN !!!

## "negro" INSANITY

It is insanity for us to think white cops will protect our women and children. All white men think our woman are whores. We must protect our women and children ourselves! No negro better not say he doesn't have time. The BLACK MAN made time !! We have plenty of time to die in the name of white people- now is the time to die for ELACK people, -- if we must die---....

# IN MEMORY OF MALCOLM X.

LIFE OF MALCOLM X

(continued from last week)

Malcolm X stayed first at Charlestown State Prison, where his behavior earned him the title of 'Satan'. While in prison Malcolm took up English, Latin and reading library books. He was transferred to Concord Prison and in 1948 to Norfolk Prison Colony which had a good library.

In his hustlers life he had hardly been able to read and write. Now he began copying the whole dictionary to learn to write and understand the meaning of words. He read as much as 13 hours a day. His reading concentration on mostly Black History.

His brother Reginald introduced him to the religion of Islam,

and later he became a Black Muslim.

His last year in prison was spent in Charlestown prison. After being released from prison Malcolm worked as a salesman, and factory worker.

After going to Chicago with a caravan of Muslims he met the head of the Black Muslims Elijah Muhammad. Elijah later appointed Malcolm assistant minister of Detroit's Muslim Mosque and the establisher of Temples throughout the U.S. With Elijah's chronic illness Malcolm became number two man in the Black Muslims, speaking on radio, T.V. and at colleges.

B.S.V. WARNING TO WHITE RACISTS  
AND TOMS

As a result of the failure on the part of the racist Board of Education to meet the demand of the Black Student Voice, to remove any and all racists or Tom administrators and teachers from our Black schools, we have decided to take matters into our own hands!! "By any means necessary" the B.S.V. vows to completely rid Black schools of white racists and negro Tom-flunkies.

We find this move necessary as a beginning in making Black schools relevant to the Black students and the Black community. Therefore the Black Student Voice issues this warning: ALL RACISTS AND TOMS LEAVE IMMEDIATELY FROM OUR BLACK GHETTO SCHOOLS, OR FACE THE WRATH OF AN ARMED BLACK COMMUNITY!!!!!!!!!!!!

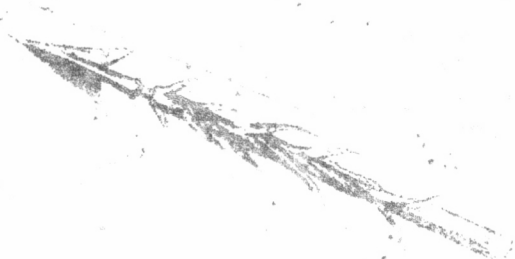

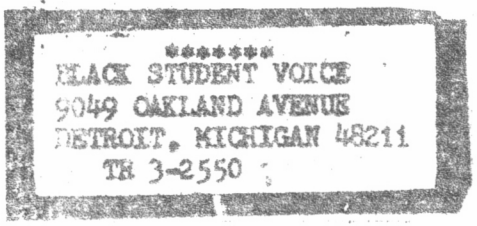

The BLACK STUDENT VOICE

Down with irrelevant education!  
Down with white racism!!!!!!!!!!  
DEath to Tomism!!!!!!!!!!!!  
LONG LIVE THE B.S.V.

*An ocean's roar of peace*

Tell me friend, what is your name?  
For we share a common blame--  
Tell me, what is your will for life?  
In this ominous age of ceaseless strife  
Reason does not give us cause to hate--  
As friends we must rise to forge our fate  
And proclaim liberty from the puppetmaster's string!  
Come friend, let us join hands and sing--  
To hell with those who curse our creation!  
We are the people, silenced and meek,  
In righteous indignation, let us speak--  
We must put an end to tension and fright  
And those who plot terror in the shadows of the night.  
We have heard enough of "better dead than red"  
Who knows of death, its sting of terror, its eternal dread--  
Yes, friend we are the people who can be strong,  
Strong enough to rid the world of hate and wrong--  
Together as friends we can dispel our fears  
And build a world of peace without our puppeteers--  
Friend, let us raise our heads from shame  
For the world is ours and we bear its blame  
Let us walk hand in hand; our numbers will increase  
'til we are one great voice, an ocean's roar of peace.

## SUPPORT THE STUDENTS AT MILLER

On Wednesday, March 4, Mr. Clement, Ass't principal of Miller Junior High, attacked a Black Sister and viciously man-handled three Brothers who came to her aid.

As a result of them bravely defending each other they were suspended.

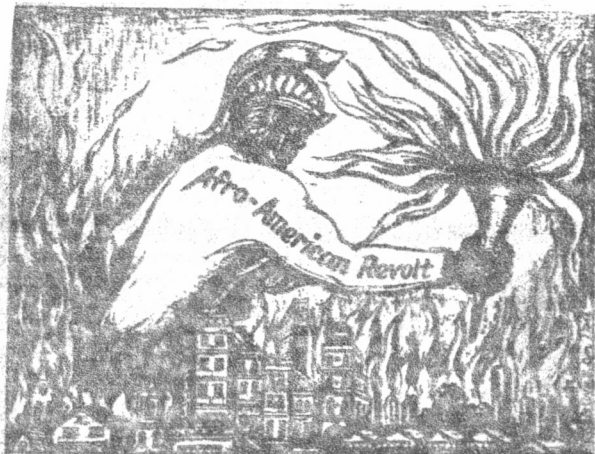

The next day they staged a walk-out in protest of this incident and the racist conditions which prevail at Miller. About 400 students or more were outside the school demonstrating when 30 cars or more of beastly pigs drove up, and began to unload. They began to beat the students with nightsticks. The Brothers and Sisters being the men and women they are, began to fight back.

As a result of this beastly attack by the pigs on these courageous students, several Brothers were arrested and charged with trumped-up charges and were later harrassed while at the police station.

As a result of this outrageous attack on these brave Brothers, we as students are holding a rally on March 18, at St. Joseph's church on Woodward between Holbrook and King, at 5:00pm. We urge all concerned Black people to attend to decide what action to take.

LET THE SPIRIT OF THESE BRAVE BROTHERS AND SISTERS LIVE ON IN ALL OF US.

LONG LIVE THE HEROIC BLACK STUDENT STRUGGLE  
UNITE OR PERISH!!!!!!!!!!!!!!!!!!!!

## NOW IS THE TIME

The time is now! We as Black people must stand up, and stubbornly defy the white man's slavery, tyranny, vicious racism, and world domination. The white man's empire, built on his exploitation, oppression, and blood of our Black mothers and fathers, is coming to a screeching halt. The days when white pigs can beat, brutalize, rape, maim and exploit our people, without due punishment, is long gone for we of the "Black revolutionary" generation take no more s--- from the honky or his 'teasing flunkies'. The tons along with thier generation were passive, peaceful, and non-violent when it came to defending our women and children from white racist brutality, but we the young Black generation feel "peace if possible, Freedom by any means necessary!!"

Due to the fact that the white man is an expert at whitewashing our people, our line is a hard line. Our line is a death battle between right and wrong, life and death, slavery and Freedom!! We are struggling bitterly against the most racist, vicious, and powerful system in the world; the "thug" racist american system. I feel along with all young Black revolutionaries that "america" is a house on fire, Freedom Now or let it Burn!, Let it Burn!!!

**FREEDOM NOW OR NEVER!!**

# MESSAGE TO BLACK STUDENTS

To our Black Brothers And Sisters:

Because of the inherent repressive character of this Racist society, the building of our organization must be built on a solid ideological foundation with its roots entrenched in the Black schools and the Black community. We must be careful to fortify our position as we move through we must carefully prepare ourselves for each battle and for each engagement with the enemy. It is in exactly such a situation of growth, fortification, and education that we are moving through now.

During this period of original growth, the burden of maintaining our organization has fallen mainly on the shoulders of a relatively small body of Black students.

With the support of more Brothers and Sisters, however, the development and growth of the Black Student Voice will be much greater, faster, and easier. This is where you come in. You can help by the following actions:

1. See to it that the B.S.V. is placed in the hands of every Black Student in your school.
2. Establish contact with Brothers and Sisters on different class schedules and at other schools.
3. Keep in contact with B.S.V. members in your school.

4. Turn in articles and literature to the B.S.V. for publication.
5. Help establish a Black Student's Library.
6. Read the literature published by the B.S.V. and other organizations that are relevant.
7. Be alert to conditions in the schools and community.
8. Attend the B.S.V. meetings every Saturday at 2:00pm at the office on Lakland and Owens.  
DARE TO FIGHT!! DARE TO WIN!!!!  
FIGHT, FAIL, FIGHT AGAIN!!!!!!!!  
FIGHT ON TO VICTORY!!!!!!!!!!!!

APOLOGY TO MR. MAGNUS  
From the Black Student Voice

We the editorial staff of the Black Student Voice wish to extend our sincere apologies to Mr. Magnus, a brave Black Brother and teacher at Northern High. For the grave error of placing his name on last weeks B.S.V.'s Tom Chart. Mr. Magnus has struggled and sacrificed valiantly in the interest of Black students at Northern as well as other Black schools. Mr. Magnus is by no means a Tom. So once again we apologize, TO YOU MR. MAGNUS. P.S. The B.S.V. however, will still continue to expose all TOMS and RACIST teachers within the Black Community.
